Quaker fact of the week:

Quakers practice pacifism. They were actively involved in both the abolition and women's rights movements!

WEEKLY SPOTLIGHT:

Early Kindergarten/Kindergarten:

Our Early Kindergarteners have been doing such an amazing job on their seed study! They had an amazing time sharing their hard work with their parents - letting them explore their garden project, showing them what they planted, what they've learned and their favorite parts of the seed study! Way to go!

Kindergarten:

Teacher Marissa's students are getting into the holiday spirit! They made menorahs, have an amazing life-sized gingerbread house in their Dramatic Play center, and will be decorating cookies and making Grinch Kebabs!

Middle School:

Our Middle School friends have been working hard all semester and are excited to celebrate the holidays next week by celebrating with their Secret Snowflakes! We are proud of every single one of you!

NEXT WEEK:
